

## **DIGIMIC** CChair

Chairman' Conference Unit with channel selector and voting functionality

Article no.: 05.0187

### Description

The new CChair offers you improved technology in a slim design.

The new CChair allows cost-effective cabling with RJ45 connectors, which also allows faster installation. A new circuit design reduces power consumption and allows more microphone stations to be connected to a DIGIMIC central unit.

With the new CChair, conferences can be conducted optimally. The chairman unit gives you priority - for example the delegate units can be muted. Of course, the CChair has all the functions of a delegate unit, such as: Microphone with push-to-talk and speech function; voting function and channel selector.

The channel selector allows 32 audio channels to be selected. The selected channel is shown on the display in the appropriate language. The OLED display automatically adapts to its environment. It glows brightly and glare-free, even in darkened conference rooms.

The CChair has integrated loudspeakers for decentralised sound reinforcement, which automatically switch off when the microphone is activated. In addition, each unit has an individually adjustable headphone output.

### Features

#### Attributes

- Priority over delegate units
- Override key for muting delegate units
- Low energy consumption
- Cost-effective RJ45 cabling
- Fast installation
- Adaptable display
- 5 buttons to select the language, volume and voting settings
- Microphone button lights up red when speaking

#### Digital Audio

- High quality audio signal
- Sampling rate: 48 kHz
- Frequency response: 20 - 20,000 Hz
- Original + 31 language channels

#### Connectors

- 2 RJ45 connectors
- 3.5mm jack socket

#### Case

- Front panel: Aluminum painted
- Housing: plastic
- WxHxD: 139 x 22 x 142
- Weight: approx. 400 g

### System requirements

#### Required system components

- DCen32  
Article no.: 05.0050
- DCen32 mini  
Article no.: 05.0420

#### Microphones

- TMD/01  
Article no.: 01.0701
  - TM58/6  
Article no.: 01.0560
  - TMD/38  
Article no.: 01.0740
  - TMD/CL  
Article no.: 01.0750
- (all microphones are available in different lengths)

#### Other components

- DDol32  
Article no.: 05.0750
- DExt  
Article no.: 05.0025
- CMic  
Article no.: 05.0167

#### Software

brählerOS conference software for network-based control of all DIGIMIC system components. Fast and easy configuration of all delegate units from a central location.
