

DIGIMIC CMic ONE

Compact Delegate' Conference Unit with microphone

Article no.: 05.0154

Description

The new CMic ONE offers you improved technology in a slim design.

The CMic ONE allows cost-effective cabling with RJ45 connectors, which also allows faster installation. A new circuit design reduces power consumption and allows more microphone stations to be connected to a DIGIMIC central unit.

With the new CMic ONE, conferences can be conducted optimally. The chairman unit gives you priority - for example the delegate units can be muted. Of course, the CChair ONE has all the functions of a delegate unit with an illuminated push-to-talk key.

The CMic ONE has integrated loudspeakers for decentralized sound reinforcement, which automatically switch off when the microphone is activated. A microphone TMD/01 is included in the scope of delivery.

The CMic One is also available in combination with the TM58/6 microphone.

Features

Attributes

- Priority over delegate units
- Override key for muting delegate units
- Low energy consumption
- Cost-effective RJ45 cabling
- Fast installation
- Microphone button lights up red when speaking, flashes when request-to-speak

Digital Audio

- High quality audio signal
- Sampling rate: 48 kHz
- Frequency response: 20 - 20,000 Hz

Connectors

- 2 RJ45 connectors
- 3.5mm jack socket

Case

- Front panel: Aluminum painted
- Housing: plastic
- WxHxD: 139 x 22 x 142
- Weight: approx. 400 g

System components

Required system components

- DCen32
Article no.: 05.0050
- DCen32 mini
Article no.: 05.0420

Microphones

- TMD/01
Article no.: 01.0701

Other components

- DExt
Article no.: 05.0025
- CChair ONE TM58
Article no.: 05.0173
- CChair ONE TMD
Article no.: 05.0174

Software

brählerOS conference software for network-based control of all DIGIMIC system components. Fast and easy configuration of all delegate units from a central location.
