

## **DIGIMIC** lean<sup>+</sup> modular

3+1 profile for Power Frame or Power Frame Cover

Article no: 05.1214.32 and 05.1214.32.CH

### Description

DIGIMIC lean<sup>+</sup> modular is the delegate unit for your conference. Discreetly integrated into the tabletop, it offers the best conditions for your delegates.

The microphone with push-to-talk function creates optimal conditions. An integrated loudspeaker ensures decentralized sound reinforcement. When the microphone is switched on, the loudspeaker switches off automatically. Any standard headphone (3.5 mm jack) can be connected to the headphone socket - the volume of the headphones can be adjusted individually.

In addition to the delegate version, the DIGIMIC lean<sup>+</sup> modular is also available as a chairman version. The chairman version gives special priority to the chairman of a conference. The chairman can mute all delegate units with the override button.

### Technical data

#### Features

- Discreetly integrated into the table top
- Compact installation
- Microphone button lights up red when speaking
- Integrated loudspeaker with decentralized sound system
- Headphone volume individually adjustable
- Chairman version: Priority for the chairman of a conference

#### Digital Audio

- High quality audio signal
- Sample rate: 48 kHz
- Frequency response: 20 - 20.000Hz

#### Connectors

- 2x RJ45 DIGIMIC BUS
- 3.5mm jack socket

#### Housing

- Housing: Aluminum with plastic chassis
- LxWxH: 220x50x45 mm
- Weight: approx. 240 g

### System requirements

#### Required system components:

- DCen32  
Article no: 05.0050
- DCen32 mini  
Article no: 05.0420

#### Microphone:

- TMD/01  
Article no: 01.0701
- TM58/6  
Article no: 01.0560
- TMD/382  
Article n: 01.0740
- TMD/CL  
Article no: 01.0750

(all microphones are available in different lengths)

#### Other components:

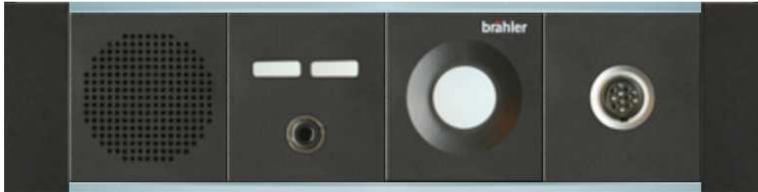

- DExt  
Article no: 05.0025

#### Software:

BrählerOS conference software for network-based control of all DIGIMIC system components. Simple configuration of all subscriber units from one central location.

All lean+ modular units are optionally available as a chairman unit with an additional override button to mute the delegate microphones.  
Article no: 05.1214.32.CH

Delegate unit with microphone socket, headphone jack (3.5mm jack) and loudspeaker.
