DIGIMIC CMic Slim UTM

Under-table solutions for Delegate-Units CMic

Article no.: 05.1090 (.32) (.CH)

Description

DIGIMIC CMic Slim UTM offers you a complete microphone unit mounted almost invisibly. The microphone unit is mounted under the table in an aluminum housing. Only what is really needed is visible: Microphone socket and button. This can be installed individually into existing surfaces or control panels according to the customer's wishes.

The CMic Slim UTM is available as a delegate version as well as a chairman version. These are automatically assigned special priority.

All UTM units are available as 8-channel and 32-channel versions.
